Enrolment Policy

Rationale
At St Brendan’s Catholic Primary School we encourage all Catholic parents to seek a place for their children. We endeavour to make the enrolment process fair and positive experience for the prospective student and his or her parents or guardians.

Purpose
The purpose of this policy is to describe the criteria for enrolment at the school, that is who are eligible to apply for a place at the school, and to describe the processes that apply to those seeking enrolment.

Implementation
• Parents and students wishing to enrol will be interviewed by the Principal on behalf of the Canonical Administrator. Before any enrolment can be confirmed, it must receive the endorsement of the Canonical Administrator, or a delegated representative, in accordance with their duties under Canon Law.
• The special needs of students shall be taken into account on an individual basis. The Principal, in consultation with the Canonical Administrator, will assess the school’s capacity to provide adequate staffing resources and facilities to ensure that the school can provide effective teaching for the special needs of their students. The school will comply with the relevant Australian and Victorian Government legislation when considering the enrolment of a child with additional learning needs in a Catholic school. (Appendix 1 & 2).
• By law, children must turn five by the 30th April of their first year of school.
• Students who meet the enrolment criteria and have turned five by the 30th April of their first year of school, will not be excluded from enrolment.
• The parents of students will be required to give an understanding that they will respect the Catholic life, nature and identity of the school. Once enrolled, students will have the right to complete their Primary education at the school.
• All students will be expected to participate fully in all aspects of the school life.
• All prospective students will be required to demonstrate that they have received required immunization, or have necessary documentation stating why they have not participated in the program.
• All information gathered during the enrolment process will be maintained according to the Privacy Act 2000.
• When there are more applicants than places provided, the following selection process will take place:
  1. Priority of access will be given to baptised Catholic children seeking enrolment.
  2. A small number of places will be made available for any new Catholic arrivals to the Parish. We will also seek to provide places for transferees from other Catholic schools during the course of the year.
  3. Non – Catholic children whose brothers and sisters are already enrolled at the school will be given special consideration.
  4. After all Catholic children seeking places have been enrolled, and some places kept in reserve for new arrivals, non-catholic children will then be considered for placement.
  5. The number of places available is at the discretion of the Principal / Parish Priest after consultation with the consultative committee. This is in response to the particular needs of the school at any given time.

Appendix 1
Relevant legislation to be considered when enrolling students in Catholic Schools.

*The Victorian Education and Training reform Regulations 2007.*
The regulations impose a requirement on a registered school to have a clearly defined enrolment policy that complies with all applicable State and Commonwealth laws. Referred therein is the main legislation affecting school enrolments. Each school must be familiar with the relevant provisions of this legislation and, if appropriate, prepare policies for administration and enforcement of relevant procedures.

*Equal Opportunity Act 1996 (Vic).*
This legislation prohibits discrimination by an educational authority against a person in deciding who should be admitted as a student, in the terms on which the authority admits a person as a student, or by refusing or failing to accept the person’s application for administration as a student. However, an exception is provided for an educational authority that operates an educational institution wholly or mainly for students of a particular sex, religious belief, age or age group, such that it may exclude from that institution people who are not of the particular sex, religious belief, age or age group. All other discrimination in enrolment of students is prohibited.

*Disability Discrimination Act 1992 (Cwlth).*
Under this federal legislation, discrimination based on disability is unlawful. It applies to school authorities and their employees. The definition of disability is broad and includes physical, intellectual, psychiatric, sensory, neurological or learning disability, physical disfigurement, and the presence in the body of a disease-causing organism. Relevant for enrolments, it is unlawful for an
educational authority to discriminate against a person on the ground of the person’s disability, or a disability of any of the other person’s associates, by refusing or failing to accept the person’s application for admission as a student; or in the terms and conditions on which it is prepared to admit the person as a student. However, it is not unlawful to refuse or fail to accept a person’s application for admission as a student in an educational institution where the person, if admitted as a student by the educational authority, would require services or facilities that are not required by students who do not have a disability and the provision of which would impose unjustifiable hardship on the educational authority.

**Privacy Amendment (Private Sector) Act 2000 (Cwlth)**

This legislation governs how schools must handle personal information collected as part of the enrolment process. Schools will have adopted a Private Policy to reflect their acts and practice in management of personal information in compliance with the legislation. Schools should also determine what is the necessary information for collection, provide information about collection and, where necessary, obtain consents to the collection, use and disclosure of that information. For these purposes, schools should include in enrolment forms an information collection notice, which should also be contained in the school’s Privacy Policy and where applicable should be located on the school’s website.

**Enrolment of Students with Additional Learning Needs**

Catholic schools are expected to welcome parents who wish to enrol a child with additional learning needs and do everything possible to accommodate the child’s needs. The process for enrolling students with special needs should be the same as that for enrolling any student, and should conform to the enrolment process. Primary and Secondary Schools should collaborate to ensure coordination and consistency of policy and processes. Schools are required to comply with the relevant Australian and Victorian Government legislation when considering the enrolment of a child with additional learning needs in a Catholic school.

**Evaluation**

This policy will be reviewed as part of the school’s five year review cycle or as required.

**Ratification**

This policy was last ratified by staff in December 2011.
