#### **1.0 INTRODUCTION**

St Brendan's Catholic Primary School is committed to complying with Ministerial Order 870 and following the Victorian Child Safety Standards. An embedded culturally driven approach to child protection and safety in schools means that protecting children from abuse is evident in everyday thinking and practice of leaders, staff and volunteers.

St Brendan's Catholic Primary School is entrusted, in partnership with parents/guardians/caregivers who are the primary educators of their children, with the total education of the child. St Brendan's Catholic Primary School staff, therefore have a duty of care to all our students. Staff fulfil this duty by taking reasonable care to avoid acts or omissions which they can reasonably foresee would be likely to result in harm or injury to the student.

Under the *National Framework for Protecting Australia's Children 2009–2020*, protecting children is everyone's responsibility – parents, communities, governments and business all have a role to play. In Victoria, a joint protocol, involving the Department of Health and Human Services (DHS) Child Protection, the Department of Education and Training (DET), licensed children's services and Victorian schools, including Catholic schools, exists to protect the safety and wellbeing of children and young people.

For the purposes of this joint protocol, acting in the best interests of the child includes:

- reporting to the Commissioner for Children and Young People when reasonable belief is formed of an allegation of physical abuse, sexual abuse, sexual misconduct, emotional abuse and neglect captured under the Victorian Reportable Conduct Scheme
- reporting to Child Protection and Victoria Police when a belief is formed that a child has been harmed or is at risk of being harmed
- making the child's ongoing safety and wellbeing the primary focus of decision-making
- sharing appropriate information, expertise and resources with other service providers supporting the child
- zero tolerance to child abuse
- protecting and promoting the cultural and spiritual identity of a child and maintaining their connection to their family or community of origin
- enabling the child and the child's family to access appropriate services in order to reduce the long-term effects of abuse or neglect.

The document sets out the procedures to be followed to ensure that prompt, professional, sensitive and appropriate action is taken by staff at St Brendan's Catholic Primary School in accordance with legislative requirements.

## 3.0 PRINCIPLES

In the best interests of the child, the child protection strategies and procedures to be followed are based on the following principles:

- 3.1 Every child and young person has a right to be safe.
- 3.2 The school environment is expected to be safe, supportive, inclusive and empowering.
- 3.3 The school community is dedicated to the protection and safety of all children and young people as reflected in CECV Commitment to Child Safety.
- 3.4 All staff at St Brendan's Catholic Primary School have a responsibility to care for children and to promote their safety, protection and wellbeing.
- 3.5 All children have the right to a thorough and systematic education in all aspects of personal safety in partnership with their parents/guardians/caregivers.
- 3.5 In any dealings regarding safety, the dignity, protection and wellbeing of students involved shall be maintained and respected.
- 3.6 The St Brendan's Catholic Primary School principal is required to ensure that all staff adhere to legislation and policies with respect to child protection.
- 3.7 Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed either legally or pastorally.

## 4.0 DEFINITIONS

- 4.1 **Bullying:** Repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Bullying may involve cyberbullying, which refers to bullying through information and communication technologies. Conflict or fights between equals and single incidents are not defined as bullying. (Safe Schools Hub, 2015)
- 4.2 **Child Abuse:** Any non-accidental behaviour by parents, caregivers, other adults or older adolescents that is outside the norms of conduct and entails a substantial risk of causing physical or emotional harm to a child or young person. Such behaviours may be intentional or unintentional and can include acts of omission (i.e. neglect) and commission (i.e. abuse) (Safe Schools Hub, 2015). Child abuse is commonly

divided into five main subtypes: physical **violence**; emotional maltreatment; neglect; sexual abuse; and **sexual misconduct**.

- 4.3 Child Neglect:** The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing. This can be:
- physical neglect, i.e. lack of safety, cleanliness, adequate clothing, housing, food and health care;
  - emotional neglect, i.e. a lack of caregiver warmth, nurturance, encouragement and support;
  - educational neglect, i.e. failure to provide appropriate educational opportunities for the child; and
  - environmental neglect, i.e. failure to ensure environmental safety, opportunities and resources.
- (Safe Schools Hub, 2015)
- 4.4 Child Physical violence:** Generally, child physical violence refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour. (Safe Schools Hub, 2015)
- 4.4.1 Apprehended physical violence:** Where a person intentionally or recklessly engages in conduct or behaviour against, with or in the presence of a child that is capable of causing a child to think that physical force is about to be used against them or another person.
- 4.5 Child Protection:** Statutory services designed to protect children who are at risk of serious harm. (Safe Schools Hub, 2015)
- 4.6 Child Sexual Abuse:** Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse. Child sexual abuse can also be:
- Any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher). The age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated.
  - Any sexual behaviour between a child and an adult family member is always sexual abuse regardless of issues of consent, equality or coercion.
  - Sexual activity between peers that is non-consensual or involves the use of power or coercion.
  - Non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not considered abuse. (Safe Schools Hub, 2015)
- 4.7 Sexual Misconduct:** Inappropriate behaviours of a sexual nature that are not necessarily criminal. Sexual misconduct may include physical contact, speech or other communication of a sexual nature, inappropriate touching, voyeurism and grooming a child in order to commit a sexual offence.
- 4.8 Mandatory Reporting:** The legal requirement to report suspected cases of child abuse and neglect is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners. (Safe Schools Hub, 2015)
