Let's Share the Good Work Going on at Home

Being apart from one another is difficult! One of the things we would like to do to stay in touch is to share the good work that is going on at home. We will be devoting several pages of our newsletter sharing photos and stories of success. We are asking students to send in a photo of their work and a blurb to complement the picture.

Send in a photo of:

- An activity you have completed
- You at your workstation
- A writing piece
- Anything you have had success with

Please send articles to kwykes@lakesent.catholic.edu.au

Information for Parents of Bus Travelers

Responsibilities of parent/guardians

- Parents/guardians are responsible for transporting their children to and from authorised bus stops and their safety at the bus stop while waiting for the bus.
- Supervision is not provided at roadside stops. Parents/guardians are responsible for their children upon disembarking the afternoon service.
- Parents waiting for bus passengers at a roadside bus stop should wait on the same side of the road as the bus to prevent accidents
- School bus travel is a privilege and not a right and consequences will follow a breach of the conditions.
- It is understood that bus travel is provided and accepted on these conditions.

With Deepest Sympathy,

Please keep the Alsop family (Mrs Alsop Year 1 & Tayah Year 5) in your prayers on the recent loss of a loved one.

Our thoughts and prayers are with you all.

Year 5

STEM Task: Students needed to follow the process of brainstorm, research, plan, create and evaluate. The challenge was to design and create a 3D cactus, showing its modified roots, stem and leaves. There were also specific criteria, which students had to take into account and follow throughout this challenge.

Biological sciences **Project 5**

Cactus model

- Research the structure of a cactus and how it has adapted to aid water conservation.
- Plan and draw a diagram of the cactus and list which materials will be used to create the 3D model.
- Collect the materials you will need, including an absorbent material, balloons, toothpicks, string or floss and a plastic cup.
- Create the cactus to look like your plan.
- Check that the cactus meets the criteria.
- Display the cactus in the classroom and give a presentation explaining how it was constructed and how each part assists the cactus to conserve water.

Biological sciences **Project 5**

Cactus model

Hudson's pot

Millie's pot

Noah has been drawing Mary MacKillop in her olden days Nun's clothes. They are called a "Habit".

Amity's pot

Here is Josie making her pot for Religious Education. Josie said, "God is like a potter because he made the world!"

Sienna's pot

Millie wrote a great story from the *Roll and Write* task. One warm Summer's morning, Bluey the surfer walked down the slippery steps into the beach cave. The cave was his home. Bluey's favourite thing to do was to surf. Suddenly he realised he couldn't hear the waves going *whoosh*. "That's weird," he said. So he wandered out to the beach to see why it was as still as a lake. Then he heard an evil laugh, "Ha! Ha! Ha! Ha!" Then Bluey realised it was Dood. Dood was a bad guy. He had always wanted to steal all of the waves so he could have them all to himself, so he could be the only one to surf. Dood had a big net to catch all of the waves. He said, "They're all mine!" Bluey quickly ran back to his cave to think of a plan. In one minute's time, Bluey said, "Ah, ha! I'll find a sharp shell and I will cut the net." So off he went. He found the sharpest shell ever. Bluey quickly cut the net with the shell. "Noooooo!" cried Dood as the waves returned to the beach. "Surf's up," said Bluey!

Puffer Fish

One sunny day, in the deep blue sea, there was a puffer fish named Puffy. He was grey and fairly small. He liked to eat CARROTS.

While he was swimming he suddenly got washed up on land by the wind. Puffy liked the beach so much he decided to stay there.

There were so many CARROTS there he started to go crazy! He slid on the sand, waved his flippers and clapped for a long time. He danced for 10 hours. He loved his new home with all the carrots.

THE BUTTERFLY STORY

One day there was a girl named Isla, who lived with her Mum and Dad in the middle of a beautiful rainforest. One morning Isla looked at the calendar and she realised it was her Mums birthday. She quickly got out of bed and raced out the door. She went looking for some beautiful, smelly, colourful, pretty flowers for her Mum. While she was looking for some flowers the most colourful butterfly landed on her hand. She put it in her basket to take home and surprise her Mum. When her Mum opened her present she was so surprised, "Wow Isla, I love my present, I'm going to keep it forever". Isla felt so happy that her Mum loved her present. The End

Remote Schooling Attendance

By law, all students need to be present or accounted for every school day.

School is still required to monitor student attendance. Parents will be required to mark your child's attendance via the SkoolBag app via

- **EFORMS—REMOTE SCHOOLING ATTENDANCE.**

If your child is sick or will not be participating you will need to fill out a Skoolbag app via

- **EFORMS-ABSENTEE FORM.**

To access EFORMS

click on

The attendance/absentee will need to be completed before 10.00am, school days, Monday to Friday.

If the school has not been informed of the attendance or absentee a text message will be sent to your mobile asking you to contact the school to provide a reason for the absence.

Please do not ring the school with your response, either send in a SkoolBag app or email office@lakesent.catholic.edu.au.
