*I would like to begin by acknowledging the Traditional Custodians of the land on which we gather today, the Gunaikurnai people.
I pay my respects to their Elders past, present and emerging. I extend that respect to all people here today.
I would especially like to acknowledge the land on which our school stands and ask everyone to show respect to the environment and all that it includes.*

Special thanks to Aleisha and Vanessa, for coming in and wrapping the Easter Eggs for the raffle. Much appreciated.

WELCOME TO OUR FAITH

WELCOME TO HOLY WEEK !

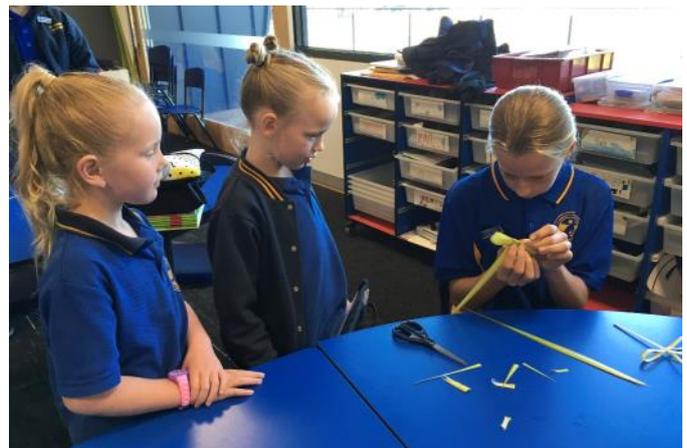

Holy Week began last Sunday—*Palm Sunday* and includes *Holy Thursday*, *Good Friday* and *Easter Saturday*. Easter Saturday also marks the end of Lent. It is a very important time for Christians, as it is when we reflect on the story of Easter that happened over 2000 years ago.

The season of *Easter* then begins on *Easter Sunday* and will continue for fifty days. The message of Easter remains just as relevant and important today as it did at that first Easter.

It is a message of hope for new life!

One important way that our school is part of our Parish is in the making of palm crosses. Every year, our Year Six students learn how to make small crosses from palm leaves that have been collected by Sam and Peter Berlinger. Mr Battista then teaches the children how to weave the sections of leaf into shape. The children make at least 200 crosses that are used at St Brendan's and St Joseph's churches on Palm Sunday. This tradition has been happening for many years. Thank you Year Six!

CORNER

At school, each class has prepared a mural and prayer to help our community learn about the sequence of the Easter story. Congratulations to all classes on a job well done.

As we approach the end of Lent, we would like to thank all our families for their contributions to this year's Project Compassion appeal. All funds raised will go to support those in need and will be distributed by Caritas Australia.

Maths Afternoon

On Friday, we had the famous Maths Afternoon. Each teacher ran an activity that had a focus in Mathematics. We were spaced out all over the school and did activities such as: number bingo, addition and subtraction snakes and ladders, Tangrams, Geoboards, Tessellating (looking at shapes and patterns), and many more. Students were able to explore; addition and subtraction, multiplication and division, shapes, measurement, and counting, in a hands on, fun environment.

Everyone was able to work with peers in their house, from different year levels. It was a great opportunity for students to interact with people they may not see often, but also to have teachers and ESOs from different year levels. It was an engaging afternoon that had many students thinking about mathematics, whilst having a fun time.

YEAR SIX CAMP

On the 22nd of March, the Year Six students went off to camp. Not the usual trip to Melbourne, instead, we journeyed to Ballarat to visit Sovereign Hill. Surprisingly, Ballarat had the best weather in Victoria. As it poured rain in Lakes Entrance, Ballarat had sunshine and was beautiful and warm.

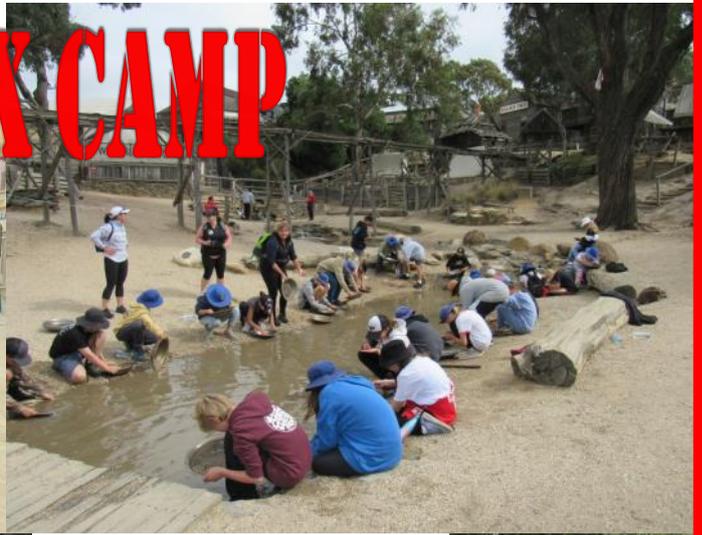

The bus ride was a long one, but we were able to have many laughs and make the time pass a little quicker. We stopped for lunch at Bacchus Marsh where there was an epic playground. We were able to stretch the legs and refuel with some lunch and homemade snacks. Delicious!

We then headed to Sovereign Hill to find out our rooms and get started on our camp. On the first day, we went straight to find gold. Unfortunately we weren't able to find enough gold to go on a holiday, but we did find a few flakes. We also had a lesson talking about the history behind Sovereign Hill and the value that gold actually has. Some student were able to hold a piece of gold worth over \$200,000. Later that night, we went to the movies and watched the new film, *Raya and the last Dragon*. It was a really good film that has us laughing, but some of us crying (guess who...).

The next day we had a busy schedule planned. Between cave tours, which we had to go deep underground; exploring secret chambers and going on a machine that seemed like a mini roller coaster, then having an education session where we had to pretend we were explorers, miners, and police officers back when Sovereign Hill was being mined. At night, we went to watch the light show *Aura*, which was the highlight of camp. We learnt a lot about the Eureka Stockade and what the miners had to go through, but it was also entertaining.

Camp was very busy and we had a lot of fun, plus learnt new things and we had the opportunity to go shopping. There was so much to buy: clothes, soaps, candles, metal items from the blacksmith, fans, but the main one was boiled lollies. On the Wednesday, it was time to come home. We stopped at Traralgon at Jump and Climb. It was a great experience, jumping around for an hour, a great break from a long bus trip. It was great to get away and spend time together, learn but most importantly, have fun.

YEAR SIX CAMP

In Times Gone By

Year One has been very busy this term inquiring into what life was like in the olden days. The children have been using a variety of information-gathering strategies, such as reading books, watching clips, examining artefacts, conducting surveys and interviewing some archeologists. The children discovered that, while some things have changed very little, some things have changed a lot! To tie up the inquiry, the children took part in a fun afternoon, where they learnt bush ballads, played old fashioned games and went to school with the very cranky and strict Mr Wright-Smith!!

Watch out! Mr Wright-Smith has a big cane!
I hope these children did their school work properly!

NAGLE HOCKEY

The Nagle Hockey Club is a family friendly club that is committed to providing a safe and supportive environment for young people to develop friendships, sporting skills and positive self-esteem.

We are currently recruiting players for all age groups – U11, 13, 15 & 18. Ages are calculated from January 1st in the year of play.

Where do you train and play?

All games are played on Saturday morning.
8 of the 12 games will be played in Bairnsdale, 1 in Orbost and 3 in Sale.
Training is held on Wednesday afternoons, after school, at the Nagle College Hockey oval.

Who else is in the competition?

As well as the Nagle Hockey Club there are teams from: Bairnsdale, Swan Reach, Orbost, Sale, Wellington and Maffra.

Do I have to attend every training session and game?

While it is ideal to attend the training that is offered and play each weekend this is not compulsory. Every family situation is different, and we are happy for you to train and play as often as you can.

I don't know how to play hockey

Don't be worried about not knowing how to play hockey as everyone starts out as a beginner. We are happy to teach you how to love this sport as much as we do.

How much will it cost?

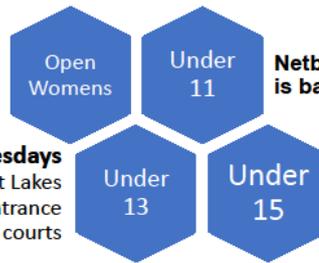

There are two parts to your hockey fees.
Pt.1 Sporting Insurance that is paid to Hockey Victoria. This will cost \$73. (Less for U11)
Pt.2 covers the cost of ground hire, umpires, coaching and trophies - \$60
Check to see if you are eligible for the Government \$200 rebate for sporting expenses.
<https://www.getactive.vic.gov.au/vouchers/how-to-apply/>
If these fees sound too expensive, talk to us so we can find a solution.

What equipment do I need?

Players will need to supply their own black shorts, long yellow socks and a mouthguard.
All other equipment will be provided.
