Newsletter No 27  
September 2 , 2021

*We would like to acknowledge the Traditional Custodians of the land on which we gather today, the Gunaikurnai people.  
We pay our respects to their elders past, present and emerging. We extend that respect to all people.  
We would especially like to acknowledge the land on which our school stands and ask everyone to show respect to the environment and all that it includes.*

Don't forget to send in your *daily*  
**Remote Schooling Attendance via PAM**  
each school day before 10am. Thank You

Remote Schooling Packs and Father's Day Gifts - Friday, 3rd September between 9.30am and 10.30am

Packs for weeks 9 & 10 will go out to parents via the drive-through arrangement.

To do so, please drive your car into the top carpark and park beside the staffroom for a drive-through style service.

## Remote schooling Packs

Remote Schooling packs for students in **foundation to year one** will be available for pick up at the top car park on **Friday, 3 September from 9.00am – 10.30am**. These packs will cover the remaining two weeks of Term Three.

**Years two to six** will also provide resource packs for collection that include worksheets and craft resources.

## Father's Day Gift Bags

Father's Day gift bags are available from school for \$5. When collecting your packs please indicate if you would like to purchase a gift bag. As we were not able to conduct the Father's Day stalls we have packaged up gifts to give to dad on Sunday. We have packs for families with one, two or three children and the \$5 covers any pack. We cannot provide change so please come with the correct amount.

## On-site Intentions/Workers Permit

If you require your child to attend on-site learning and your family meets the criteria, please fill out the On-site Intentions form for weeks 9 and 10 of term. If you meet the authorized worker criteria, please provide an updated Worker's Permit for weeks you intend for your child to attend school. Forms can be found on PAM and Skoolbag.

**PLEASE MAKE SURE YOU SEND IN BOTH SIDES OF THE WORKER PERMIT & THE ON-SITE INTENTION FORM. THANK YOU**

Intentions should be in **before 2pm Friday**, so staffing arrangements can be organised.

Please make sure you are choosing the correct days.

## Communication

All important updates will be available on PAM. Please check **Daily Messages** regularly. Notifications /emails will also be sent out via the Skoolbag APP.

## Attendance

Remote Schooling Attendance will be entered via the PAM app.

## Contact

If you need to contact the school please phone 51 552712 or email, [principal@lakesent.catholic.edu.au](mailto:principal@lakesent.catholic.edu.au) or [office@lakesent.catholic.edu.au](mailto:office@lakesent.catholic.edu.au)

CURRENT LOCKDOWN RESTRICTIONS

# WELCOME TO OUR FAITH

CORNER

## Farewell Sr Lynette

Unfortunately we have been unable to give Sr Lynette a proper send off—YET! We hope to catch up with her down the track. Good luck with the move on Sunday Sr Lynette. We will miss you!!

*Never see a need without trying to do something about it!*

## Mobile Kindy Program in Fiji

**Bula!** Last Friday, the Social Justice Committee finally got to run their education and fundraising day to help Mary MacKillop Today in their efforts to bring early childhood education to communities in Fiji.

**Thank you** so much to everyone for your participation and donations.

We exceeded our goal of \$150.00. **Our final total was \$196.25**

**Thank you also to Sisillia for sharing a little of her Fijian culture with classes.**

# Mobile Kindy Program in Fiji

Some activities from Mary MacKillop Day: Fijian dancing, Prep activity, Year Five catch a fish game.

## Year One Remote Learning

There has been some great work being produced by Year One over this last lock-

Rock Pools by Winter Thomas

Rock pools are also called tidal pools.

Hermit crabs live in rock pools.

Sea Hares can camouflage without changing colours.

It's hard to see which is the front or back of a Sea Cucumber.

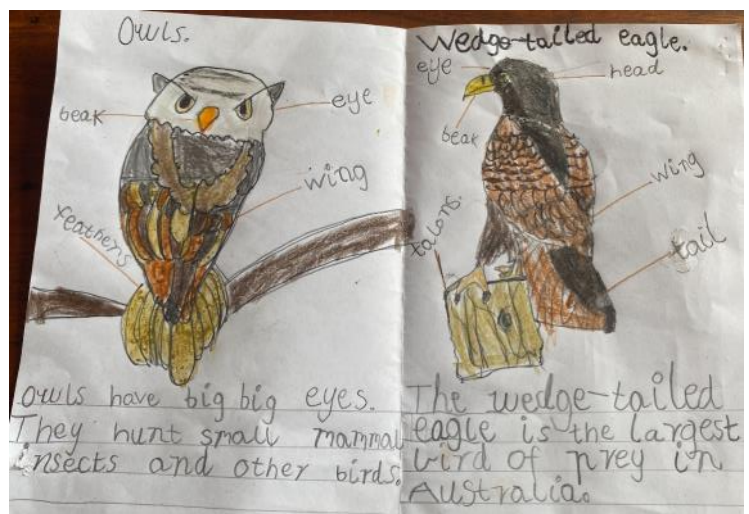

Rock Pools An excerpt from Evie McMeeken

Sea Cucumbers got their names because they look like a cucumber but black. Sometimes it's hard to know which side is the back and front, but it's easy to spot the front when they're eating. Their soft bodies let them squeeze into tight places.

down. Here is just a sample.

Jake's facts

# Year 2

Can we PERSUADE you?

Remote  
Learning

## Frankie is the best dog

Frankie is the best dog in the world because she snores really loudly but it's really entertaining. She is so cute that you can't stop looking at her squishy face. She is also very lazy, so lazy that she never barks. She also really loves pats.

Frankie snores really loudly when she's sleeping. But that's usually a sign that she is in a good position to be patted, it's also very entertaining. She snores so loudly that you can hear her from the other side of the house and this attracts all of us to her. Our neighbours can hear Frankie from 30 metres away which makes them feel safe. Other dogs are so quiet you don't notice that they're there which makes you feel lonely.

Things that make Frankie super cute are her little gorgeous squishy face and when she curls up on the bed you can pat the side of her body which makes her stretch and look really cute. Other dogs are always running around with their tongue sticking out and give you no time to pat them.

Frankie is very lazy, she loves to sleep in the sun. This is better than active dogs who run to the back of the house and dig up their garden. She is not naughty when she's lazy, this is proof of why she is the best dog in the world.

Frankie is the best dog in the world because of her cuteness, laziness and super entertaining snoring. Frankie does what other dogs don't, that is why Frankie is better than any other dog. She is the best dog in the world.

**By Jesse**

I believe the little boy should NOT squish the red ant. The ant should be saved!

Firstly, the boy should not squish the ant because ants help the environment. They eat other bugs that might get us and they clear away food that has been left behind.

Ants are living creatures and you should not kill living things. Would you squish your dog or cat? Ants have feelings too.

Have you ever looked at an ant up close? They're so cool! Ants include an antennae, eyes, thorax and six legs!

So there, you should never squish an ant! And remember, ants have feelings too:]

**By Millie**

## Lamborghinis are better than trucks

Lamborghinis are better than trucks because they are fast, they look good and they impress people.

They are faster because they are Not heavy like trucks. They are more powerful and it's harder for cops to catch you.

They look better because of the colour of the car and the doors open up instead of the sides. The car makes a loud, cool noise when it drives.

They impress people because people take pictures next to it and people think you are rich and they are fast.

To conclude, Lamborghinis are cool cars and much more interesting than trucks.

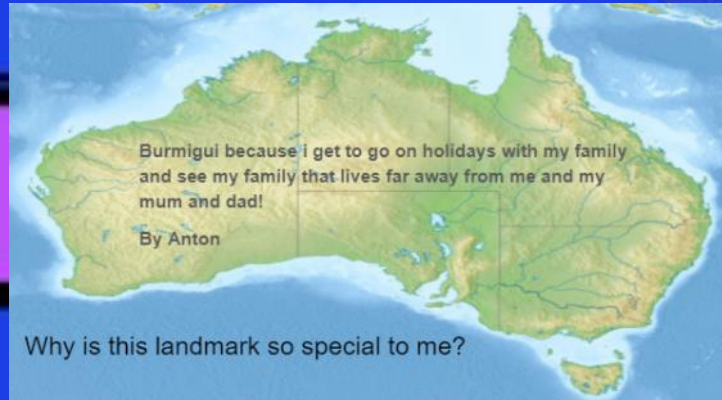

**By Callum**

# Year 2

## What's new

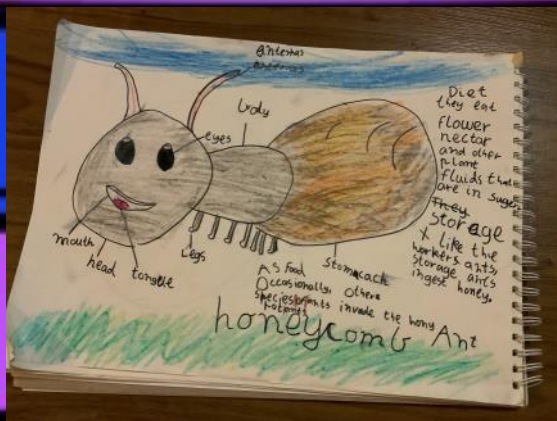

Remote Learning

### Leon

SYDNEY

In 1770 British settlement began Sydney's area, making it Australia's oldest European settlement. The city was given its current name after British home secretary Lord Sydney.

### Millie

Cape Conran is believed to be named after Captain Lewis Conran of the 11th Regiment who was based in NSW from 1845-1857. Cape Conran is very important to the Gunaikurnai people who used the area for special meeting places.

# Year 5

**Task:** To camouflage yourself into an environment (inside or outside)

Caleb blending into his environment for the STEM challenge.

Can you spot Bridgett? Super camouflaged in her lush green surroundings.

Where are you Daniyal? Hiding away in the corner wearing his father's jacket.

I spy with my eye something beginning with L, hiding in a tree!

A very well hidden Lachie Y enjoying this STEM challenge.

Tiffany's cat camouflaging into its surroundings.

Blake D - camouflaging into his backyard environment

Connor and his cat - I can't see you!

Tulli camouflaging into her surroundings

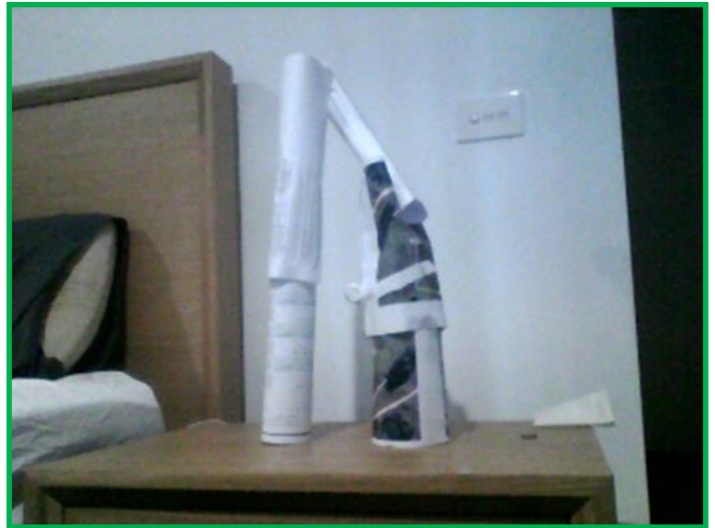

# Year 5

Lily Mills getting creative with free drawing.

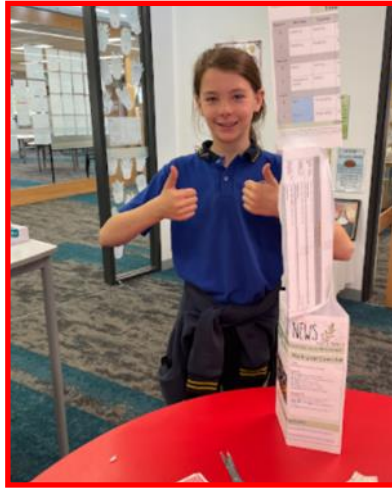

Izzy's STEM challenge - "Mr Stick Man" a free standing paper creation.

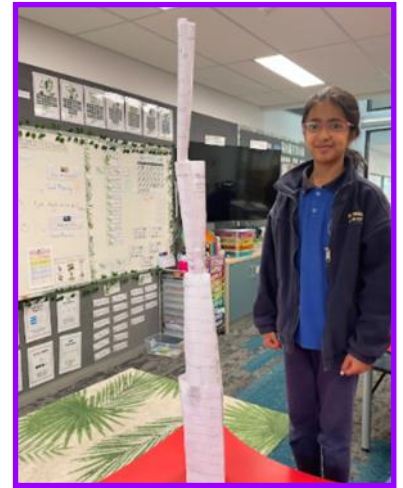

Sadie's free standing paper creation! STEM challenge done well!

Harrison - 1035mm high.  
Very stable paper tower!

Thumbs up Sophie! Great job

Ashita with a tower taller than her!  
Great effort.

Brooke enjoying one of our STEM activities.

Nice tower Kye!
